

SHOWA 7565 EBT

Consisting of 0.15mm thick, 295mm long 100% black nitrile, the 7565 antistatic disposable glove protects against chemical penetration and projection. To reduce risk of allergies and aid comfort, the 7565 is free of latex, silicone, plasticisers and powder. The single-use glove is chlorinated to enhance comfort and reduce tackiness within the glove. An added textured finish increased grip without reducing fingertip sensitivity.

BENEFITS

- Disposable
- Latex-free
- Chemical-resistant
- Water-resistant
- Increased sensitivity
- Lightweight

FEATURES

- 100% Nitrile
- Silicone-free
- Chlorinated
- Powder-free
- Antistatic

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
