# Features and functions

## **FM-Radio with RDS**

Alternate Frequency (AF) auto-switches to a stronger signal for uninterrupted reception.

Traffic Announcement (TA) broadcasts traffic reports to help motorists plan routes and avoid congestion.

## **PTL - Push-To-Listen function**

You can pause streaming quickly and turn on the environmental listening with a double press.

## **Multifunction Button**

Can be customized to be used for different pre-defined features in the 3M Connected Equipment app, such as Bluetooth, Mute Microphone, streaming profiles, Time, APS (Audio Pan Setting).

## **Ambient Listening Microphones**

In low noise, ambient microphones help you hear oncoming vehicles, alerts, and other warning signals when needed and when it's loud helps provide hearing protection.

## **WAP - Work Audio Profiles**

New advanced ambient listening types that allow access to a variety of gain settings, but with frequency shaping, to promote auditory performance in different work environments.

## **Solar Powered Headband - Powerfoyle**

By using the surrounding light to power your headset, it reduces the need of disposable batteries. Innovative light charging material transforming indoor and outdoor light into clean, continuous energy.

## **Qualcomm® aptX™ HD Adaptive audio**

Qualcomm® aptX™ HD Adaptive audio supports robust, high resolution Bluetooth wireless audio.

## **APS - Audio Pan Setting**

Pan your FM radio or streaming audio to one ear (left or right) which helps with better situational awareness, when using it in combination with the ambient listening function. (XPI +)

## **Bluetooth®**

Bluetooth® MultiPoint technology for connection to one or two external devices for hands-free talk and streaming. Simultaneous, seamless connection to Bluetooth® devices allows for flexibility and mobility.

## **USB-C built-in charging jacket**

Built-in rechargeable Lithium-Ion Battery.

## **Noise-cancelling speech microphone**

Helps provide clear communication, in noisy environments.

## **OTA - Over the air**

Over The Air firmware updates help prolong the product lifetime.

## **3M Connected Equipment App**

Control your PELTOR™ Headset through your phone or tablet. The app gives you access to all settings in an easy-to-use interface.

## **Large buttons and voice-guided menus**

No need to remove the headset for any adjustments. Voice confirmation after setting adjustments, including "low battery" voice alert.

## **Pod and Music mode**

Adapt your listening experience with two different streaming settings for pod and music.

## **Stainless steel**

The headset features long-lasting, stainless steel wire bands that can help provide consistent wear experience.

## **Approved hearing Protection**

Tested against EN 352-\*: 2020 Standard.
