

3M™ PELTOR™ WS™ ALERT™ XP Headset (CE and UKCA version)

Hearing protection featuring Bluetooth® technology, built-in FM-radio and mobile app interface.

Product Description

The Bluetooth® headset with a noise-cancelling boom microphone connects to your mobile phone to allow for hands free calls and streaming audio content in noisy environments. This headset helps protect against hazardous noise and at the same time helps promote auditory situational awareness via the leveldependent function for ambient listening. The headset also synchs to a mobile app so users can easily set-up and adjust the headset. It also contains a built-in FM-radio that you can preprogram to easily listen to your favorite channels.

Key Features

- Attenuating hearing protector comes in two models: headband or a safety helmet attachment
- Bluetooth® technology for connection to an external Bluetooth® device allows for hands-free talking, listening to FM-radio and streaming audio content
- Noise-cancelling boom microphone for clear speech transmission when in noisy environments
- Level-dependent function for ambient listening to help promote auditory situational awareness
- Push-to-Listen (PTL) feature to easily and instantaneously listen to your surroundings
- Built-in FM-radio with digital channel selection
- Ability to store your favorite FM-radio stations
- Voice-guided menu system with the option to choose announced FM-radio frequencies
- Connection to an iOS and Android compatible mobile app, 3M™ Connected Equipment, to more easily set-up and adjust the headset. The app is available to download from the App Store and Google Play
- Mobile app allows you to receive reminders for when to change replacement cushions (hygiene kit) and choose the frequency of these alerts
- Replaceable cushions (hygiene kit)
- The headset will automatically turn off after four hours of non-use to save battery life
- Low-battery warning at low battery level
- To reduce the corrosion caused by sweat the electronics are located in the outer part of the cup
- Replaceable covers so you can change to your own choice of colour
- Rechargeable option with NiMH batteries

Applications

The 3M™ PELTOR™ WS™ ALERT™ XP Headset offers Bluetooth® wireless communication useful in noisy environments. This is essential when users need to be connected to their mobile phone throughout the day (e.g. handymen in construction industries, private contractors operating their own equipment, farmers, maintenance workers in industrial applications etc.) and everywhere hands-free communication and hearing protection could be of benefit.

3M strongly recommends personal fit testing of hearing protectors. Research suggests that users may receive less noise reduction than indicated by the attenuation label value(s) on the packaging due to variation in fit, fitting skill, and motivation of the user. Refer to applicable regulations or guidance on how to adjust attenuation label values. In the absence of applicable regulations, it is recommended that the attenuation rating be reduced to better estimate typical protection.
